Reveal'Up from **Cardinal** introduces two contemporary shapes—Intense, which provides an extra-large oxygenation surface; and Soft, with a large oxygenation surface but a smaller bowl opening for young, light wines. The glasses are available in eight sizes and are made with Kwarx, a material which can withstand up to 2,000 dishwashing cycles. CARDINALFOODSERVICE.COM

The Black Fluted mugs, deep plate, bowl, and teapot from **Royal Copenhagen** are made of porcelain with matte glazing. Both dishwasher and microwave safe, the surface is raw yet tactile, creating a minimalist and austere ceramic effect for a rustic, Nordic table design. ROYALCOPENHAGEN.US

Darwin Collection by Lucidi / Pevere

The Darwin collection is functional and simple, reintroducing classic themes by utilizing a metal sheet mesh with a contemporary geometric structure. The ergonomic proportions of the seating components guarantee both comfort and adaptability to any environment. Both dining and bar height tables have a tilt top mechanism for easy storage.
