Project Pan Pacific Yangon

Where Yangon, Myanmar

Designer CCD/Cheng Chung Design (HK) Ltd.

Pan Pacific Yangon is located in Yangon City adjacent to Myanmar's most famous and charming Yangon Shwedagon Pagoda. Inspired by Quinta Buddha Light and traditional Burmese architecture, the design team incorporated unique products from Myanmar, including wood, bamboo, rattan, traditional cloth, jade, bone, ivory, paper, and umbrellas. Design elements reference water and sand-like patterns, and different color combinations help achieve a harmonious balance between the modern concept and the local culture.
