DESIGN

the shape of things

it's in to be out

Riviera Collection by Lucidi / Pevere

The minimal, sophisticated design of the Riviera collection stands out with the sinuous lines of its seat on the armchair, barstool and lounge. It has a retro look with the materials used but touched with modern finish techniques. Its fine wire structure blends with the landscape and leaves you free to gaze around.

60 years of manufacturing
experience in outdoor furniture.
"Made in Italy" at its best.
